Subject: **Revised Wormald Site Investigation Report – Surveyor Map
Tyco Safety Products – Former Cedar Chemical Facility
Helena – West Helena, Arkansas
State EPA ID No. ARD990660649**

Dear Mr. Benefield:

On behalf of Tyco Safety Products – Wormald U.S., Inc., AECOM is pleased to submit two copies of the revised surveyor map (Appendix E) for the *Revised Wormald Site Investigation Report* (AECOM, May 21, 2009). Revisions to the surveyor map were made in response to comments received by AECOM during telephone communication with the Arkansas Department of Environmental Quality (ADEQ) on May 29, 2009. The surveyor map was subsequently revised by Smith and Weiland Surveyors and Engineers, Inc. and is included as an attachment to this letter. Changes to the surveyor map made at the request of the ADEQ were:

- Inclusion of the vertical location of the sample points referenced to North American Vertical Datum 1988 (NAVD88), and
- Replacement of the Mississippi Registered Professional Land Surveyor stamp with the Arkansas Registered Professional Land Surveyor stamp.

If you have any questions or require additional information, please contact me at 864-234-2282 or Ms. Ann Faitz at (501)831-5637.

Sincerely,

AECOM

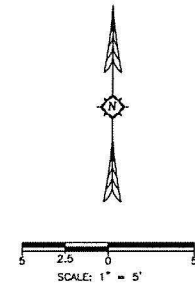

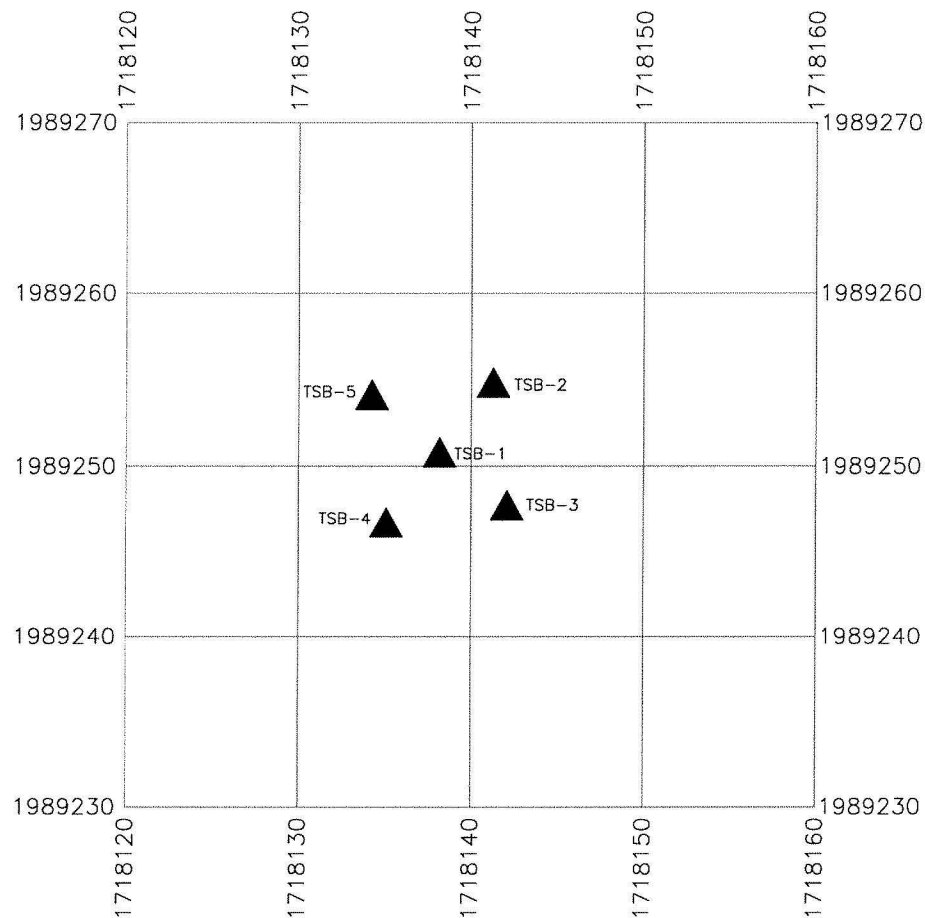

Leslee J. Alexander, P.G.
Project Manager
